8.Your Suggestion for future Developement of Chatia College :

To enhance the overall academic and institutional growth of Chatia College, I suggest introducing more skill-oriented and career-focused courses along with digital learning facilities. The college can develop smart classrooms, a well-equipped library, and improved internet connectivity to support modern education. More emphasis should be given to research, extracurricular activities, and placement opportunities. Organizing workshops, seminars, and career counseling sessions will help students gain practical exposure and confidence. Strengthening the alumni network can also contribute to the college's development and student guidance.
