FROM THE PRINCIPAL'S DESK

Dear Students,

I thank you all for selecting Chatia College for pursuing higher studies and going for admissions in the various courses offered here. Established in 1982 and finally provincialised by the Govt. of Assam in 2013, Chatia College is a fast growing Degree College of Assam committed to the overall development of the students who are solely responsible for shaping the future of our nation. The institution is recognised by the University Grants Commission (UGC) and accredited by the National Assessment and Accreditation Council (NAAC) with Grade- 'B' in the first cycle in 2023.

Our highly skilled, dedicated and experienced teachers are always committed to imparting education and creating a healthy and congenial learning environment, and always ready and eager to guide you in every aspect of your life and career. In addition to various other benefits for students, Chatia College also has a system of "Student Mentoring" where every student is closely monitored under the supervision of a faculty member of the institution. The College prioritizes on various skill-based activities for the students which prepares them to meet the challenges in the job sectors of the present world. Various programmes are undertaken regularly for the placement of the outgoing students under the aegis of the 'Training & Placement Cell' of the college.

Chatia College has entered into Memorandum of Understanding (MoU)s with THB College of Jamugurihat, Biswanath College of Biswanath Chariali and Chaiduar College of Gohpur on the basis of which various academic programmes like 'Student-Teacher Exchange' are conducted in these institutions and vice versa.

For those seeking admissions in various courses through 'Distance Education' mode, our college is also a centre to the Krishna Kanta Handiqui State Open University (KKHSOU). Students can also take up various courses here along with their regular courses which will benefit them in more ways than one. The college has a unit of National Service Scheme (NSS) with 100 Cadres which provides ample learning opportunities to the students while empowering them for future challenges.

I offer my warm wishes and welcome you to this institution of higher education where I hope all of you will be able to fulfill your dreams.

Dr. Swapan Kr. Kalita
Principal, (i/c)

Motto

'tamasho ma jyotirgamaya'

Mission

1. In keeping with its motto 'tamasho ma jyotirgamaya' which translates into 'lead from darkness to the light', the mission of Chatia College is to impart quality higher education in arts catering to the diverse groups of multilingual students of rural Sootea while preparing them for realizing their hidden potential in today's technology-driven world.
2. To prepare the rural students of the institution with necessary skills required to acclimatize to the emerging technology-driven society so that the world of opportunities in terms of career and service may be accessible to them.
3. To provide holistic education and make it accessible to the diversity of multi lingual learners from various strata of agrarian societies.
4. To make students aware of the various issues plaguing our society, region and country thereby encouraging them to respect and uphold the diversity of our rich culture, plurality of thought, and to think independently as future citizens of our nation.
5. To make the utmost and best use of the limited resources available at the disposal of the institution
6. Empowering the girl students of the institution by providing the scope to make better choices in terms of career in particular and life in general
7. Providing a healthy environment for nurturing and promoting diversity and cultural harmony among the students and staff alike.

Vision

To emerge as one of the leading rural colleges of Assam that provides holistic education to transform the students most of who hail from the villages of greater Sootea area into capable future innovators and leaders, and most importantly, able citizens of our nation. By academically empowering the economically weaker students the college wishes to set a benchmark in community service and uplift the various agrarian societies connected to it in the days to come.

FYUGP STRUCTURE UNDER NEP GAUHATI UNIVERSITY

The Four-Year Undergraduate Programme (FYUGP) of Gauhati University is as per UGC's Curricular Framework, published in November 2022. The course structure of FYUGP is built on the Choice-Based Credit System (CBCS).

Salient features

- **Duration**

Under the NEP's FYUGP, duration of the degree programme is 4-years.

- **Exits & Entries**

In the FYUGP, one has choice to exit from the programme thrice – after one year, after two years, and after three years. If one exits the programme after one year, one gets a certificate. If one exits after two years, one gets a diploma. If one exits after three years, one gets a Bachelor's Degree. And finally if a student completes the whole 4-year, one gets a Bachelor's Degree (Honours). If a student exits in the middle, the doors are still open for him/her to enter into the programme again and he/she can start the journey from where he/she left.

- **Honours and Major**

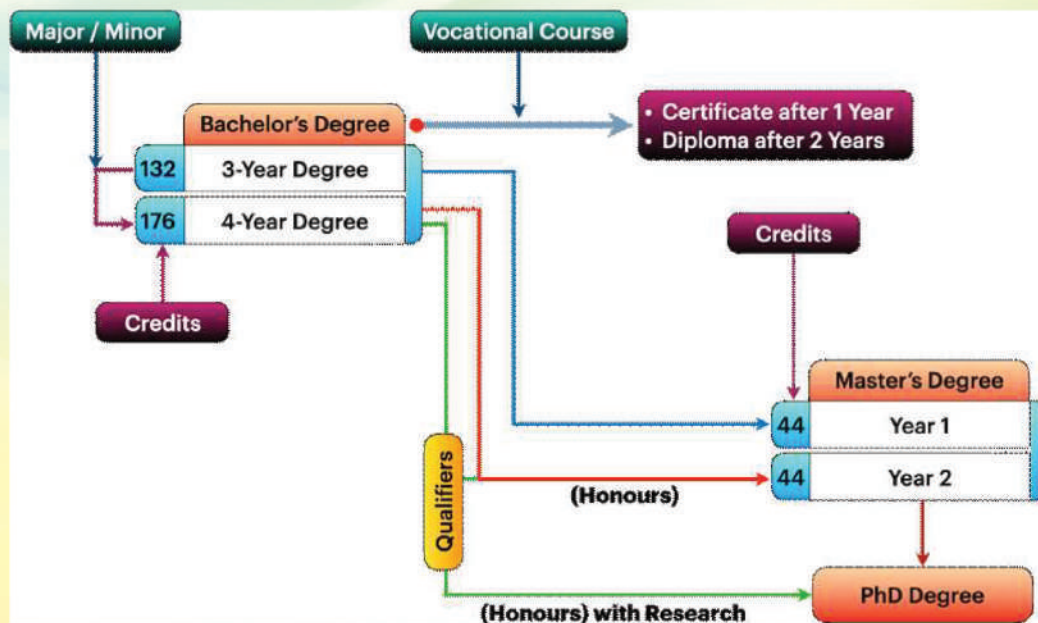

Under the CBCS, we either have Bachelor's Degree (Honours) or a regular Bachelor's Degree. In FYUGP, we get a Bachelor's Degree with Major after 3 years and a degree with Major & Honours after 4 year.

- **Progression**

If a student exits the FYUGP after 3 years, s/he will need to take admission into the first year of a Master's programme, which is a 2-year degree programme. However, if a student fully completes an FYUGP, s/he needs to take admission into the second year of a Master's programme and needs to complete only one year to get a Master's Degree.

- **Progression to Doctoral Studies**

Once a student takes admission into a Master's programme either after 3 years of the Bachelor's programme or after FYUGP, one will be able to take admission into a Doctoral programme leading to the Degree of PhD. However, if a student is exceptionally good, one can directly take admission into a Doctoral programme right after the FYUGP, bypassing the Master's programme.

FYUGP degrees & course structures

The FYUGP at GU is designed to offer two types of Bachelor's Degrees to the students at the end of the successful completion of the programme —

- (i) Bachelor's Degree in a Stream
- (ii) Bachelor's Degree in a Discipline

The word stream here refers to Arts, Science, Commerce, and Management. In case of a degree in a stream, the student studies a multitude of different subjects, usually mixing different disciplines, which leads to a truly multidisciplinary degree. While in case of a degree in a discipline, the student is confined to a certain sets of disciplines. However, in both cases, the student studies equal number of courses (i.e. papers) — so there is no weightage of any kind to either of the two types of degrees.

For both the types of degree programmes, course-wise, the whole FYUGP is divided into two parts —

- (i) Core Courses
- (i) Common Courses.

The minimum credit allocation for a 3-year programme is 84 credits in Core Courses and 36 credits in Common Courses, which comes to a total of minimum 120 credits for a 3-year programme. With the fourth year, the minimum credit requirements becomes 160. A student can however earn up to a maximum of 132 credits in a 3-year programme and 176 by the fourth year.

Core courses

The Core Courses determine the ultimate degree, diploma, or certificate a student will earn at the end of third (or fourth) year, second year, or first year, respectively. The performance in the Core Courses will also determine the grade of the student in the final examinations. Total minimum credit requirement is 84 for the Core Courses, which translates to 21 courses (i.e. papers) with a credit allocation of 4 per course (paper). **A student will need to study at least three Core subjects.**

The Core Courses have to be chosen among a plethora of subjects offered for both the types of degrees, respectively. In case of a Bachelor's Degree in a Stream, the components of the Core Courses are Major and / or Minors, while in case of a Bachelor's Degree in a Discipline such as BCA, there are no Majors and Minors.

Major and Minors

In case of a Bachelor's Degree in a Stream, a student either chooses a Major and Minors or just Minors from among the subjects. In any case, a student needs to complete 21 courses or 84 credits by the third year. A Major course **MUST** carry a minimum credit of 60 and a Minor course should carry a minimum credit of 12.

Usually, for majority of the students, the Core Course will consist of one Major and two Minors.

Common courses

The common courses are to be studied by all students alike and altogether they carry a total credits of 36 over a 3-year period. These courses are further divided into five (5) sub- categories, as described below.

- Multi-disciplinary Courses

These are 3-credit courses spanning over five different groups of subjects — (i) Natural and Physics Science, (ii) Mathematics, Statistics, and Computer Applications, (iii) Library, Information, and Media Sciences, (iv) Commerce and Management, and (v) Humanities and Social Sciences. The level of these courses is of Class XII. Each student need to take at any three papers, each with 3-credits from these five sub-groups during Semesters 1-3.

A student **CANNOT** choose a multidisciplinary subject, if s/he has already studied that subject during Class XI-XII. Also the subject of these courses **MUST** not be among the Core Subjects the student has already chosen.

- Ability Enhancement Courses (AEC)

This is an 8-credit course covering Modern Indian Languages (MIL) and English Usage (Communication). Each student needs to complete two papers of 4-credits each – one from English usage and other from the group of MIL, especially designed for this purpose. Both these courses are further divided into two 2-credit courses each.

- Skill Enhancement Courses (SEC)

These are various skill courses with total credit allocation of 9. All students need to complete three skill courses, each with 3 credits during Semesters 1-3.

- Value Added Courses (VAC)

The VAC courses will come from four sub groups — (i) Understanding India, (ii) Environmental Science, (iii) Digital and Technological Solutions, and (iv) Health & Wellness, Yoga Education, Sports, and Fitness. All together they will have a credit allocation of 6.

Each student will have to take any three courses, each of 2-credit, from any three groups during Semesters 1, 2, & 4. Here one course from the Environmental Science group is compulsory except if the student takes a core course on Environmental Science.

- Internship

All students are to carry out an Internship with a credit allocation of 4. The internship can be carried out in any semester during Semesters 3-6. As internships are meant to be done during semester breaks, they will not interfere with other classes.

The fourth year

In the FYUGP, the fourth year is at par with the first year of a Master's programme, as a student can directly take admission into the second year of a Master's programme after the successful completion of the FYUGP.

In the fourth year, a student has to complete one compulsory paper on Research Methodology (REM) in the Semester VII, which is a 4-credit theory paper. The rest of courses will consist of Advanced Core Courses and a Dissertation.

Subject Details – Core Subjects

All these streams have their own subject groups. For example, Physical Science is a subject group of Science stream. Or, Other Language is a subject group of Arts stream. These groups with their parent streams are shown in Fig.

All the subject groups will have a bunch of individual subjects belonging to the respective groups, which will be described in the next section. The following applies to all these groups except the group for Commerce & Management.

- All groups have their own conditions and prerequisites.
- A student can combine any three subjects from these groups subject to the fulfillment of the requirements and prerequisites.

The three streams (a) Arts, (b) Science, and (c) Interdisciplinary — has their own subject groups. Each of these groups has their own constraints as to up to how many number of subjects from each subject-group can be chosen by a student. This is indicated in the following figure with the word **Max**.
