

Virtual Power Seminar on “Efficient Use of Internet in the Modern Era” held at Chatia College, Sootea, Biswanath, Assam, India.

Date: 12-04-2023

Time: 01.00 pm

The ICT Cell of Chatia College, in collaboration with the ICT Academy of Chennai, organized a virtual power seminar on the topic "Efficient Use of Internet in the Modern Era." The event was held on 12-04-2023 from 1 pm onwards and was attended by many students and faculty members.

Shasanka Medhi, Associate, North-East Branch, ICT Academy moderated the event and introduced the Resource Person to the attendees.

Dr. Kangkan Bhuyan, the Coordinator of the ICT Cell of Chatia College, delivered the welcome note at the beginning of the seminar. He expressed his gratitude to the attendees for joining the event and highlighted the significance of the topic. The keynote address was given by Mr. Mukut Hazarika, the Coordinator of IQAC, Chatia College. He emphasized the importance of the efficient use of the internet in today's world, particularly in education and business.

The Resource Person, Mr. Unnikrishnan Rajappan, Deputy General Manager, HR, Astro Vision Futuretech Pvt. Ltd. then delivered a speech on how to use the internet efficiently. His speech focused on various aspects of internet usage, including browsing, online communication, and security. The attendees actively participated in the discussion, raising their queries and concerns, and receiving clarification from the resource person.

Mr. Subhash Upadhyaya, the State Head of ICT Academy, North East, delivered the vote of thanks at the end of the seminar. acknowledging the importance of organizing such events to educate people on the efficient use of the internet.

Overall, the virtual power seminar proved to be informative and engaging. The event provided a platform for attendees to learn and discuss various aspects of internet usage and its significance in today's world.
